

## Invited to EAA Chapter Safety Meeting with FSDO perspective.

You may have made the same decisions that these pilots made before or during your flight. The only difference is that they had an accident or got violated. Are you a better pilot or is it something else. Join us as we discuss Human Factors, FSDO responsibilities and concerns, accident investigation and accident review. FSDO inspectors Rachel Keating and Josh Rohrer will discuss concerns from the Des Moines FSDO and talk about Loss of Control and Transition training. Josh will show what a 'ramp' check looks like and why they are not to be feared.

**Directions:** The Public Safety Building is located at the end of the road beyond the Airport Administration building at CID.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
